

# NOVA SCOTIA INTERNATIONAL STUDENT PROGRAM

## SHORT TERM PROGRAMS

Nova Scotia is an ideal place in which to live and the perfect location to learn and grow. A Nova Scotian education is a North American Education. It is a wonderful immersion in the language, music, art, and lifestyle of North America.

In Nova Scotia our philosophy is simple: prepare students for continued success in post-secondary studies or the workplace. This is why our schools have been welcoming the world into their classrooms for over a decade. Our schools have been enthusiastic about hosting international students. Our programs have been extremely successful and our schools and local families are anxious to see more international visitors come into our communities.

We are excited to expand our International Programming to include short term stays to students from around the world. Come to Nova Scotia for this unique opportunity and share your culture with us. We look forward to welcoming you into our schools and homes.

- We offer 2, 4, 6 or 8 week placements in Nova Scotia schools, typically for elementary and junior high aged students.
- Students live with local host families, providing an excellent opportunity to experience Canadian culture.
- Each student will attend school five days per week, for approximately six hours per day.
- Activities and excursions will be planned for students on selected weekdays and on weekends.
- Students typically come to Nova Scotia in groups of ten or more, accompanied by a chaperone. We also welcome smaller groups or individual students.
- Short term programs are available each year from September to June.
- Each student will experience complete English immersion.
- Fees include accommodations with a friendly homestay family, meals, activities, health insurance and a round trip airport transfer.
